COMMISSION OF THE EUROPEAN COMMUNITIES

Brussels, 21.11.2008  
COM(2008) 787 final

Proposal for a

**COUNCIL REGULATION**

**adjusting, from 1 July 2008, the rate of contribution to the pension scheme of officials  
and other servants of the European Communities**

{SEC(2008)2873}

(presented by the Commission)

## **EXPLANATORY MEMORANDUM**

### **CONTEXT OF THE PROPOSAL**

#### **Grounds for and objectives of the proposal**

The Council has to decide each year, on a proposal from the Commission, on the adjustment of the rate of contribution to the pension scheme effective from 1 July.

#### **General context**

Under Article 83a(4) of the Staff Regulations, the Commission has to present to the Council each year an updated version of the five-yearly actuarial assessment, in accordance with Annex XII to the Staff Regulations.

Under Article 13 of Annex XII to the Staff Regulations, Eurostat has submitted the report on this assessment, which determines the rate of contribution required to maintain actuarial balance of the pension scheme.

Under Article 12 of Annex XII to the Staff Regulations, the rate in Articles 4 and 8 of Annex VIII to the Staff Regulations for the calculation of compound interest must be the effective rate referred to in Article 10 of Annex XII and should be, if necessary, revised on the occasion of five-yearly actuarial assessments.

#### **Existing provisions in the area of the proposal**

A proposal is to be presented each year for adjusting the rate of contribution to the pension scheme.

#### **Consistency with other policies and objectives of the Union**

Not applicable.

### **CONSULTATION OF INTERESTED PARTIES AND IMPACT ASSESSMENT**

#### **Consultation of interested parties**

##### *Methods of consultation used, main sectors covered and general profile of respondents*

The elements of the proposal have been discussed with the staff representatives in accordance with the appropriate procedures.

##### *Summary of replies received and the way in which they have been taken into account*

The proposal takes account of the opinions of the parties consulted.

#### **Collection and use of expertise**

There was no need for external expertise.

#### **Impact assessment**

- The purpose of the proposal is to adjust remuneration and pensions in accordance with the legislation in force.
- The legislation in force permits no alternative.

## **LEGAL ELEMENTS OF THE PROPOSAL**

### **Summary of the proposed action**

In accordance with Annex XII to the Staff Regulations, Eurostat has submitted a report on the actuarial assessment of the pension scheme. According to this assessment, the rate of contribution required to maintain actuarial balance of the pension scheme is 10,9% of basic salary.

Under Article 83a(4), where it is shown that there is a gap of at least 0,25 points between the rate of contribution currently applied (10,25%) and the rate required to maintain actuarial balance (10.9%), the Council is to consider whether the rate should be adapted, in accordance with the arrangements laid down in Annex XII.

Under Article 2(1) of Annex XII, the adjustment cannot lead to a contribution that is more than one percentage point above or below the valid rate of the previous year.

The Commission is therefore proposing that the rate of contribution be adjusted to 10,9% with effect from 1 July 2008.

Under Article 12 of Annex XII, the rate in Articles 4 and 8 of Annex VIII for the calculation of compound interest is to be adjusted to 3.1%.

### **Legal basis**

Staff Regulations of officials of the European Communities, and in particular Article 83a thereof and Annex XII thereto.

### **Subsidiarity principle**

The proposal concerns an area that falls within the exclusive competence of the Community. The principle of subsidiarity does not therefore apply.

### **Proportionality principle**

The proposal is consistent with the principle of proportionality for the following reasons:

- Article 83a of the Staff Regulations provides for a Council regulation.
- The proposal has no financial impact on expenditure. The impact on revenue results directly from the application of the adjustment method provided for in the Staff Regulations.

### **Choice of instruments**

Proposed instrument: regulation.

Other instruments would have been inappropriate for the following reasons:

- Article 83a of the Staff Regulations provides for a Council regulation.

#### **BUDGETARY IMPLICATIONS**

The impact on revenue of the adjustment to the rate of contribution to the pension scheme is detailed in the financial statement annexed hereto.

Proposal for a

## COUNCIL REGULATION

**adjusting, from 1 July 2008, the rate of contribution to the pension scheme of officials and other servants of the European Communities**

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community,

Having regard to the Staff Regulations of officials of the European Communities and the conditions of employment of other servants of the Communities laid down by Regulation (EEC, Euratom, ECSC) No 259/68, and in particular Article 83a of and Annex XII to the Staff Regulations,

Having regard to the proposal from the Commission,

Whereas:

- (1) In accordance with Article 13 of Annex XII to the Staff Regulations, on 1 September 2008 Eurostat submitted a report on the 2008 actuarial assessment of the pension scheme updating the parameters referred to in that Annex. According to this assessment, the rate of contribution required to maintain actuarial balance of the pension scheme is 10,9% of basic salary.
- (2) In the interests of actuarial balance of the pension scheme of officials and other servants of the European Communities, the rate of contribution should therefore be adjusted to 10,9% of the basic salary.
- (3) In accordance with Article 12 of Annex XII to the Staff Regulations, the rate for the calculation of compound interest must be the effective rate referred to in Article 10 of Annex XII and should therefore be adjusted,

HAS ADOPTED THIS REGULATION:

### *Article 1*

With effect from 1 July 2008, the rate of the contribution referred to in Article 83(2) of the Staff Regulations shall be 10,9%.

### *Article 2*

With effect from 1 January 2009, the rate in Articles 4(1) and 8 of Annex VIII for the calculation of compound interest shall be 3,1%

*Article 3*

This Regulation shall enter into force on the day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels,

*For the Council  
The President*
