Proposal for a

COUNCIL REGULATION

amending Regulation (EC) No 397/1999 imposing a definitive anti-dumping duty on imports of bicycles originating in Taiwan

(presented by the Commission)

EXPLANATORY MEMORANDUM

By Regulation (EC) No 397/1999 the Council imposed a definitive anti-dumping duty on imports of bicycles originating in Taiwan. The investigation, which led to the imposition of the above-mentioned duty, used sampling in accordance with Article 17 of Regulation (EC) No 384/96 on protection against dumped imports from countries not members of the European Community, hereinafter referred to as the basic Regulation.

Article 11(4) of the basic Regulation provides that when sampling has been used in the investigation a new exporter's review cannot be initiated. However, in order to ensure equal treatment between any genuine new exporting producer and the cooperating companies not included in the sample used in the above-mentioned investigation, Article 2 of Regulation (EC) No 397/1999 established that where any new exporting producer provides sufficient evidence to the Commission that it meets three basic requirements (i.e. no exports during the investigation period, no relations with exporting producers subject to the measures and actual exports or contractual obligations to export after the investigation period), then the Council may grant to these new exporting producers the weighted average duty applicable to the cooperating companies not included in the sample. This would be done with an amendment of Article 1(3) of Regulation (EC) No 397/1999 by adding the new exporting producers to the list annexed to that Regulation.

The Commission received several requests from Taiwan for new exporter status. The examination of these requests together with the additional evidence provided, where necessary, by the applicant companies showed that four of them fulfilled all the relevant requirements.

The Commission accordingly proposes that the Council adopt the attached proposal for a Regulation which amends Article 1(3) of Regulation (EC) No 397/1999 by adding these four new exporting producers to the list annexed to that Regulation.

Proposal for a

COUNCIL REGULATION

amending Regulation (EC) No 397/1999 imposing a definitive anti-dumping duty on imports of bicycles originating in Taiwan

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 384/96 of 22 December 1995 on protection against dumped imports from countries not members of the European Community¹,

Having regard to Article 2 of Council Regulation (EC) No 397/1999 of 22 February 1999 imposing a definitive anti-dumping duty on imports of bicycles originating in Taiwan²,

Having regard to the proposal submitted by the Commission after consulting the Advisory Committee,

Whereas:

A. PREVIOUS PROCEDURE

- (1) By Regulation (EC) No 397/1999 the Council imposed a definitive anti-dumping duty on imports into the Community of bicycles falling within CN codes 8712 00 10, 8712 00 30 and 8712 00 80 originating in Taiwan. Sampling was applied to Taiwanese exporting producers and individual duty rates ranging from 2,4% to 18,2% were imposed on the companies in the sample, while other co-operating companies not included in the sample were attributed a weighted average duty rate of 5,4%. A duty rate of 18,2% was imposed on companies which either did not make themselves known or did not co-operate in the investigation.
- (2) Article 2 of Regulation (EC) No 397/1999 stipulates that where any exporting producer provides sufficient evidence that:
 - it did not export to the Community the products described in Article 1(1) of that Regulation during the investigation period (1 November 1996 to 31 October 1997),

¹ OJ L 56, 6.3.1996, p. 1. Regulation as last amended by Regulation (EC) No 905/98 (OJ L 128, 30.4.1998, p. 18).

² OJ L 49, 25.2.1999, p. 1.

- it is not related to any of the exporters or producers in the exporting country which are subject to the anti-dumping measures imposed by that Regulation,
- it has actually exported to the Community the products concerned after the investigation period on which the measures are based, or it has entered into an irrevocable contractual obligation to export a significant quantity to the Community,

then Article 1(3) of that Regulation can be amended by granting that exporting producer the duty rate applicable to co-operating producers which were not included in the sample, i.e. 5,4%.

B. NEW EXPORTING PRODUCERS' REQUESTS

- (3) Four new Taiwanese exporting producers, after having applied not to be treated differently from the companies which co-operated in the original investigation but were not included in the sample, have provided, on request, evidence showing that they meet the requirements set out in Article 2 of Regulation (EC) No 397/1999. The evidence provided by these applicant companies is considered sufficient to allow that Regulation to be amended by adding these four new exporting producers to the Annex thereto. That Annex specifies the Taiwanese exporting producers which are subject to the weighted average duty rate of 5,4%,

HAS ADOPTED THIS REGULATION:
