Proposal for a

COUNCIL REGULATION

**amending Regulation (EC) No 2505/96 opening and providing for the administration
of autonomous Community tariff quotas for certain agricultural and industrial products**

(presented by the Commission)

EXPLANATORY MEMORANDUM

In response to requests from a number of Member States the Commission has discussed with the national experts concerned the advisability of opening, closing or extending autonomous tariff quotas for certain industrial products.

The upshot of this discussion, which took place at a meeting of the Economic Tariff Questions Group, was that the Member States could endorse opening, closing or extending quotas for the products covered by this proposal for a Regulation, which would not disturb the markets for those products.

This is the purpose of the attached proposal for a Regulation.

Proposal for a

COUNCIL REGULATION

amending Regulation (EC) No 2505/96 opening and providing for the administration of autonomous Community tariff quotas for certain agricultural and industrial products

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 26 thereof,

Having regard to the proposal from the Commission¹,

Whereas:

- (1) On 20 December 1996 the Council adopted Regulation (EC) No 2505/96 opening and providing for the administration of autonomous Community tariff quotas for certain agricultural and industrial products.² Community demand for the products in question should be met under the most favourable conditions. New Community tariff quotas should therefore be opened at reduced or zero rates of duty for appropriate volumes and certain existing tariff quotas should be extended, while avoiding any disturbance to the markets for these products.
- (2) Since the quota amount for certain Community tariff quotas is insufficient to meet the needs of Community industry for the current quota period, these tariff quotas should be increased with effect from 1 January 2005.
- (3) It is no longer in the Community interest to continue to grant Community tariff quotas in 2005 for products on which duties were suspended in 2004. These products should therefore be removed from the table in Annex I to Regulation (EC) No 2505/96.
- (4) In view of the many changes to be made, the full text of Annex I to Regulation (EC) No 2505/96 should be replaced in the interests of clarity.
- (5) Regulation (EC) No 2505/96 should therefore be amended accordingly,

HAS ADOPTED THIS REGULATION:

Article 1
