COMMISSION OF THE EUROPEAN COMMUNITIES

COM(83) 466 final

Brussels, 8 September 1983

Proposal for a COUNCIL REGULATION (EEC)

Laying down certain measures for acid oils from refining of by-products
of olive oil or olive-residue oil

(submitted to the Council by the Commission)

COM(83) 466 final

EXPLANATORY MEMORANDUM

Community measures have been laid down for by-products from refining of olive oil and olive-residue oil falling within subheading 15.17 B of the Common Customs Tariff produced in the Community, in order to prevent esterified oils derived from these by-products benefiting fraudulently from consumption aid.

Since esterified oils can also be obtained from acid oils from refining falling within subheading 15.10 C of the Common Customs Tariff, a legal basis should be established that would enable the same measures to be taken in respect of these acid oils.

Proposal for
COUNCIL REGULATION (EEC)

Laying down certain measures for acid oils from refining of by-products of olive oil or olive-residue oil

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 235 thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament,

Whereas Commission Regulation (EEC) No 3172/80 (1), as last amended by Regulation (EEC) No 823/83 (2), provides that for the purposes of controlling the quality of oil packaged by approved plants, by-products of the refining of olive oil and olive-residue oil produced in the Community should have added to them a defined quantity of certain non-olive products;

Whereas these checks are not applicable at present to acid oils from refining derived from by-products of olive oil and olive-residue oil;

Whereas there is always the risk that esterified oils showing the characteristics of olive oil, produced from these acid oils from refining, may be fraudulently employed as olive oils for human consumption and thus benefit from consumption aid; whereas in order to prevent such a risk, acid oils from refining should be treated in the same way as by-products from refining,

HAS ADOPTED THIS REGULATION :

(1) OJ No L 331, 9.12.1980, p. 27

(2) OJ No L 91, 9.4.1983, p. 5

Article 1

Acid oils from refining of by-products of olive oil or olive-residue oil falling within subheading 15.10 C of the Common Customs Tariff can be subject to the same treatment as by-products from refining of olive oil or olive-residue oil falling within subheading 15.17 B of the Common Customs Tariff.

Article 2

This Regulation shall enter into force on the third day following its publication in the Official Journal of the European Communities.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels,

For the Council
