COMMISSION OF THE EUROPEAN COMMUNITIES

COM(81) 619 final Brussels, 22 October 1981

Recommendation for a COUNCIL DECISION

concerning the conclusion of an Agreement resulting from the negotiations and consultations between Finland and the European Economic Community concerning trade in various agricultural products

3/18:12:10

(submitted to the Council by the Commission)

COM(81) 619 final

EXPLANATORY MEMORANDUM

In accordance with the mandate it received from the Council on 16 December 1980, the Commission conducted negotiations with Finland concerning their reciprocal trade in cheese. At the same time, following Greece's accession to the Communities, the Commission held negotiations with Finland under Article XXIV (6) of the GATT.

The negotiations have resulted in a satisfactory overall agreement.

CONCLUSION OF AN AGREEMENT RESULTING FROM THE NEGOTIATIONS AND CONSULTATIONS BETWEEN FINLAND AND THE COMMUNITY ON TRADE IN VARIOUS AGRICULTURAL PRODUCTS

(Commission Communication to the Council)

The Commission hereby transmits to the Council:

- i. a report on the outcome of the negotiations and consultations between Finland and the Community on trade in various agricultural products (Annex A);
- ii. a draft agreement including an agreed minute and a temporary arrangement (Annex B).

The Commission recommends that the Council approve this Agreement.

To that end it presents a draft decision on the conclusion of the Agreement (Annex C).

Report on the outcome of the

NEGOTIATIONS AND CONSULTATIONS BETWEEN FINLAND AND THE COMMUNITY ON TRADE IN VARIOUS AGRICULTURAL PRODUCTS

1. In accordance with the mandate it received from the Council on 16 December 1980 and following Finland's request, the Commission held consultations with Finland on the situation regarding the reciprocal trade in cheese.

At these consultations, both parties noted, each for its part, that the situation was unsatisfactory. The conclusion reached by both delegations was that some features of the import systems in force in Finland and the Community did not correspond to the present market circumstances and that they should be brought into line with the real situation. It proved preferable to adopt a provisional practical solution rather than to seek a definitive adjustment, which would have been difficult to achieve in the present economic circumstances.

The negotiations resulted in a three-year temporary arrangement (see Annex I) the main features of which are the stabilization of imports into the Community from Finland at a certain quantitative level (average of 1978, 1979 and 1980 imports), the progressive opening of the Finnish market to Community exports and the establishment, with reciprocal guarantees, of a satisfactory competitive situation based on the setting up of a concerted discipline mechanism.

2. Following Greece's accession to the European Communities, the Community is obliged to hold negotiations under Article XXIV (6) of the GATT in order to compensate its GATT partners for the injury caused them by the substitution of CCT duties for Greek customs duties bound under GATT.

In a letter of 11 June 1981, Finland requested the opening of those negotiations with the Community.

The negotiations, which took place at the same time as the negotiations on cheese, resulted in an agreement under which the Community will grant Finland tariff concessions in the cheese sector as compensation for the withdrawal of the tariff concessions bound by Greece (in particular for certain cheeses).

Finland stated that it was prepared, without binding under GATT, to include these concessions in the temporary arrangement for cheese (see exchange of letters in Annex II).

- 3. Both delegations feel that they have reached a balanced overall agreement which is satisfactory to both parties. An agreed minute (see Annex B) was initialled in Helsinki on 31 August 1981 and is being submitted for the approval of their respective authorities. The agreed minute comprises an overall agreement on the following points:
 - (i) Temporary arrangement for a concerted discipline between Finland and the European Economic Community concerning reciprocal trade in cheese;
 - (ii) Exchange of letters concerning the outcome of the negotiations between Finland and the European Economic Community under Article XXIV (6) of the GATT following the accession of Greece to the European Communities.

AGREED MINUTE

Negotiations and consultations between the Finnish Delegation and the Delegation of the Commission of the European Communities concerning trade in various agricultural products

The Finnish Delegation and the Delegation of the Commission of the European Communities have reached an overall agreement covering the following points:

- (i) Temporary arrangement for a concerted discipline between Finland and the European Economic Community concerning reciprocal trade in cheese (Annex I);
- (ii) Exchange of letters concerning the outcome of the negotiations between Finland and the European Economic Community under Article XXIV (6) of the GATT following the accession of Greece to the European Communities (Annex II).

The delegations have agreed to submit this overall agreement to their respective authorities for approval.

For the Finnish Delegation

For the Delegation of the Commission of the European Communities,

TEMPORARY ARRANGEMENT FOR A CONCERTED DISCIPLINE BETWEEN FINLAND AND THE EUROPEAN ECONOMIC COMMUNITY CONCERNING RECIPROCAL TRADE IN CHEESE.

I. The European Economic Community and Finland have held consultations concerning their reciprocal trade in cheese.

During these consultations, both parties noted, each for its part, that the development of reciprocal imports and exports of cheese was not satisfactory, and that certain import arrangements, agreed between them, no longer corresponded to the situation on the market in cheese.

They concluded, by common accord, that the trade arrangements for cheese should be adapted to the requirements of their respective markets, account also being taken of the accession of Greece to the Community.

They considered that, under the present circumstances, it would be preferable to seek a practical solution for a limited period rather than to adapt these arrangements on a definitive basis.

- II. Finland and the Community have agreed to conclude a temporary arrangement, the provisions of which are as follows:
 - 1. finland and the Community shall temporarily suspend, for an initial period of three years from 1 January 1982 to 31 December 1984, the following provisions of the arrangements for the importation of cheeses into the Community:

- the value limits included in the binding under GATT (Schedule LXXII - EEC of the following CCT tariff lines:

- the value limits included in the Community's autonomous concession for processed cheese falling within CCT subheading 04.04 D I.
- 2. Finland and the Community will establish for the same period as the suspensions mentioned in paragraph 1 above the following trade arrangements.

They agree, in this connection, to set up the system for cooperation and the exchange of information described in the Annex to this Arrangement.

If difficulties arise concerning the prices charged, consultations will be held at the request of either party, as promptly as possible, with a view to the adoption of appropriate corrective measures.

- 5. The two parties may consult each other at any stage concerning the operation of this Arrangement and may, by common accord, alter it if necessary by reference in particular to the trend of market prices, production, marketing or consumption of home-produced and imported cheeses.

A. ∟X

With a view to preventing the prices charged by exporters from being such as to create difficulties on the importing country's market, the following information and cooperation system has been set up:

- 1) Finland will provide the Commission of the European Communities with the following information on each category of cheese covered by the Arrangement:
 - two weeks before the beginning of each quarter, prospective Finnish exports to the Community for the next quarter (anticipated quantities, free-at-Finnish-frontier prices, probable markets);
 - three weeks following the end of each quarter, actual Finnish exports to the Community during the past quarter (quantities and free-at-Finnish-frontier prices, importing member countries).
- 2) The Commission of the European Communities will at regular intervals provide price quotations and any other useful information concerning the market in home-produced and imported cheeses.

EUROPEAN COMMUNITIES

Sir,

I have the honour to refer to the note which the Finnish Permanent Mission in Geneva addressed to the Permanent Representative of the Commission of the European Communities in Geneva on 11 June 1981 concerning Finland's request for the initiation of negotiations with the Community under Article XXIV (6) of the GATT, following the accession of Greece to the European Communities.

I noted Finland's claim that, for the following tariff headings, listed in Schedule XXV - Greece, which has been withdrawn, it was Greece's main supplier outside the Community:

- 04.04 B 5 "Dutch cheeses"
- 04.04 B 9 Other prepared cheeses.

As a result of the negotiations held on this subject between our delegations during the consultations concerning cheese, concessions were included in the "Temporary arrangement for a concerted discipline on reciprocal trade in cheese" as compensation for the rights which Finland has under Article XXIV (6).

The Community gives an undertaking to enter into consultations with Finland, should this temporary Arrangement expire, in order to give it compensation equivalent to its rights under Article XXIV (6).

I should be grateful if you would confirm whether you are in agreement with the above.

Please accept, Sir, the assurance of my highest consideration.
