COMMISSION OF THE EUROPEAN COMMUNITIES

COM(83) 419 final

Brussels, 5 July 1983

Draft of a
DECISION OF THE REPRESENTATIVES OF THE GOVERNMENTS OF THE MEMBER
STATES OF THE EUROPEAN COAL AND STEEL COMMUNITY, MEETING WITHIN
THE COUNCIL
establishing ceilings and Community supervision for imports of
certain goods originating in Yugoslavia (1984)

COM(83) 419 final

COM 119
EXPLANATORY MEMORANDUM

1. The Agreement between the Member States of the European Coal and Steel Community and the European Coal and Steel Community on the one hand and the Socialist Federal Republic of Yugoslavia on the other hand provides for dutyfree import into the Community of certain steel products falling under Chapters 26, 27 and 73 of the Common Customs Tariff and originating in Yugoslavia. As an exception to this provision Article 3 stipulates that the imports of some of these goods shall be subject to ceilings above which the customs duties applicable to third countries may be introduced until the end of the calendar year (1).

2. The draft Decision joined hereto has as its objective :
 - to establish the ceilings to be applied in 1984 for imports of certain steel products originating in Yugoslavia;
 - to establish the rules under which customs duties may be reintroduced under certain conditions and
 - to establish a system of surveillance relating to imports of the product subject to ceilings and to certain other products.

3. Implementation of these two measures :
 - (a) annual ceilings, and
 - (b) reintroduction of customs duties,implies the adoption of precise common rules to be applied uniformly by all Member States. These requirements may be met by the establishment of a Community system of surveillance of actual imports from the partner country. To this end, the Member States should take appropriate measures to permit the rapid collection of statistical returns at Community level. In this connection it is necessary to take into account only imports of the products in question as and when they are entered with Customs authorities for free circulation and accompanied by a movement certificate conforming to the rules contained in the Agreement referred to under 1 above.

(1) The amounts of certain of these ceilings have been increased autonomously by DECISION OF THE REPRESENTATIVES OF THE GOVERNMENTS OF THE MEMBER STATES OF THE EUROPEAN COAL AND STEEL COMMUNITY MEETING WITHIN THE COUNCIL of 18.4.1983 laying down the arrangements applicable to trade between Greece and Yugoslavia in products covered by that Community (OJ No L 126, 13.5.1983, p. 18).

These returns should be drawn up by each Member States at the end of every month and forwarded by the fifteenth day of the following month to the Commission so as to enable the latter to communicate to all the Member States the overall, product-by-product returns for the imports in question in the preceding month. The system of surveillance will require diligent and close co-operation between the responsible departments of the Member States and the Commission.

4. The following system would be adopted for setting in train machinery to reintroduce duties : if one of the overall monthly returns drawn up by the Commission revealed that 75 % of the ceiling fixed for a given product had been reached, consultations could be held, for example in the working Party on Economic Tariff Problems, either at the request of a Member State or upon the Commission's initiative. The aim of these consultations would be to examine, case by case, the reintroduction or not of the levying of customs duties applicable to third countries once the ceiling is actually reached.

Monthly returns would still be made in respect of imports of the product in question or, if requested by the Commission, by telex at intervals of ten days. The maximum delay for the transmission of this last mentioned information is five days.

5. As far as application of the rule on ceilings and reintroduction of duties is concerned, the drafts makes provisions for conferring powers of the Council upon the Commission.

In these conditions the Commission would be able, within the shortest possible time, either to take measures leading to the reintroduction of customs duties in respect of the partner country until the end of the calendar year, or to coordinate the necessary procedures in the case of the initiative being taken by a Member State.

The draft Decision does no more than outline in broad terms how these powers are to be exercised so that, the machinery to be established may be adopted flexibly and rapidly, in close collaboration with the Member States.

ANNEX : 1 Draft Decision

Draft of a
DECISION OF THE REPRESENTATIVES OF THE GOVERNMENTS OF THE
MEMBER STATES OF THE EUROPEAN COAL AND STEEL COMMUNITY,
MEETING WITHIN THE COUNCIL
of
establishing ceilings and Community supervision for imports of certain goods originating in
Yugoslavia (1984)

THE REPRESENTATIVES OF THE GOVERNMENTS OF
THE MEMBER STATES OF THE EUROPEAN COAL AND
STEEL COMMUNITY, MEETING WITHIN THE
COUNCIL,

In agreement with the Commission,

HAVE DECIDED AS FOLLOWS:

Article 1

1. Imports of certain products originating in Yugoslavia and indicated in Article 3 of the Agreement between the Member States of the European Coal and Steel Community and the European Coal and Steel Community, of the one part, and the Socialist Federal Republic of Yugoslavia, of the other part⁽¹⁾, shall be subject to annual ceilings and to Community supervision from 1 January to 31 December 1984.

The description of the goods referred to in the preceding subparagraph, their tariff headings and statistical numbers and the levels of the indicative ceilings are given in the Annex to this Decision.

2. Amounts shall be set off against the ceilings as and when the goods are entered with customs authorities for free circulation and accompanied by a movement certificate conforming to the rules contained in Protocol 3 to the Cooperation Agreement between the European Economic Community and the Socialist Federal Republic of Yugoslavia⁽²⁾.

Goods shall be set off against the ceiling only if the movement certificate has been submitted before the date on which customs duties are reimposed.

The reaching of a ceiling shall be determined at Community level on the basis of imports set off against it in the manner defined in the preceding subparagraphs.

The Member States shall periodically inform the Commission of imports effected in accordance with the

above rules; such information shall be supplied under the conditions laid down in paragraph 4.

3. As soon as the ceilings are reached at Community level, Member States may at any time, at the request of any one of them or of the Commission, and in respect of the whole of the Community, reintroduce the levying of the customs duties applicable to third countries.

In the case of such a reimposition, Greece shall reintroduce the levying of the customs duties which it applies to third countries at the date in question.

Within the framework of the foregoing provisions, the Commission shall coordinate the procedures for reintroducing the customs duties applicable to third countries, in particular by notifying the date common to the whole of the Community and directly applicable in each Member State. This notification shall be published in the *Official Journal of the European Communities*.

4. Member States shall forward to the Commission, not later than the 15th day of each month, statements of the amounts set off during the preceding month. They shall, if the Commission so requests, make up such statements for periods of 10 days and forward them within five clear days of expiry of the preceding 10-day period.

⁽¹⁾ OJ No L 41, 14. 2. 1983, p. 113.

⁽²⁾ OJ No L 41, 14. 2. 1983, p. 2.

Article 3

Member States shall take all measures necessary to implement this Decision.

Article 2

Member States and the Commission shall cooperate closely to ensure that this Decision is complied with.

Done at Luxembourg,

The President
