# COMMISSION OF THE EUROPEAN COMMUNITIES

COM(78) 37 final

Brussels, 8 February 1978

Proposal for a  
COUNCIL REGULATION (EEC)

opening, allocating and providing for the administration  
of a Community tariff quota for apricot pulp, falling  
within subheading ex 20.06 B II (c) 1 (aa) of the Common  
Customs Tariff, originating in Turkey

---

(submitted to the Council by the Commission)

Explanatory memorandum

1. Article 13 of Council Regulation (EEC) No 1180/77 of 17 May 1977 on imports into the Community of certain agricultural products originating in Turkey<sup>1</sup> provides for the opening, with effect from 1 July 1977, of an annual Community tariff quota of 90 tonnes, for apricot pulp falling within subheading ex 20.06 B II c) 1 aa) of the Common Customs Tariff, originating in Turkey, at a duty corresponding to 70% of the customs duties actually applied in respect of non-member countries.

Such a quota was opened for the period from 1 July 1977 to 30 June 1978 by Regulation (EEC) No 1181/77 of 17 May 1977<sup>2</sup>.

2. The aim of this proposal is to open the quota concerned for the period from 1 July 1978 to 30 June 1979.

3. In accordance with the principles normally followed, the allocation of the quota volume among the Member States should be based on previous and foreseeable imports by the Member States, specifically those originating in or coming from Turkey. Imports of these products from Turkey have been negligible or non-existent in recent years. Furthermore, the Member States cannot make forecasts for the quota period under consideration.

Consequently, pending a more Community-based administration of this quota, based on the experience acquired over the two years, the Commission considers that it can propose the extension of the system adopted by the Council for the current quota period, namely the allocation of a large portion of the quota volume to the Community reserve and the allocation of equal initial quota-shares, corresponding to one-seventh of the remainder of the quota, to the Member States.

Proposal for  
COUNCIL REGULATION (EEC)

opening, allocating and providing for the administration of a Community tariff quota for apricot pulp falling within subheading ex 20.06 B II c) 1 aa) of the Common Customs Tariff, originating in Turkey

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Articles 43 and 113 thereof,

Having regard to the proposal from the Commission,

Having regard to the Opinion of the European Parliament,

Whereas Article 13 of Council Regulation (EEC) No 1180/77 of 17 May 1977 on imports into the Community of certain agricultural products originating in Turkey <sup>(1)</sup> provides for the opening by the Community of an annual Community tariff quota of 90 tonnes for apricot pulp falling within subheading ex 20.06 B II c) 1 aa) of the Common Customs Tariff, originating in Turkey; whereas the customs duties applicable within the limits of that tariff quota correspond to 70% of the customs duties actually applied in respect of non-member countries; whereas the tariff quota in question should therefore be opened for the abovementioned volume for the period 1 July 1978 to 30 June 1979;

/ with effect from 1 July 1977

Whereas it is in particular necessary to guarantee all importers of the Community equal and uninterrupted access to the quota and uninterrupted application of the rates

<sup>(1)</sup> OJ No L 142, 9.6.1977, p. 10.

laid down for that quota to all imports of the product in question into the Member States until the quota has been used up; whereas having regard to the above principles the Community nature of the quota can be respected by allocating the tariff quota among the Member States; whereas, to reflect most accurately the actual development of the market in the products in question, such allocation should be in proportion to the requirements of the Member States, assessed by reference both to the statistics relating to imports from Turkey over a representative reference period and to the economic outlook for the quota period concerned;

Whereas, during the last three years for which statistics are available, the corresponding imports of each Member State from Turkey have been negligible or non-existent; whereas those data cannot therefore be considered as representative to serve as a basis for allocation of the quota volume among the Member States; whereas it is difficult to estimate imports by Member States because of the absence of truly representative figures for previous years; whereas, consequently, the only solution seems to be to allocate a large part of the quota volume to the Community reserve and to allocate one seventh of the balance to the Benelux countries, Denmark, Germany, France, Ireland, Italy and the United Kingdom;

Whereas the initial shares may be used up fairly quickly; whereas, therefore, to avoid disruption of supplies any Member State which has almost used up its initial share, shall draw a supplementary share from the Community reserve; whereas this must be done by each Member State as each one of its supplementary shares is almost used up, and as many times as the reserve allows; whereas the initial and supplementary shares must be valid until the end of the quota period; whereas this form of administration requires close collaboration between the Member States and the Commission, and the Commission must be in a position to follow the extent to which the tariff quota has been used up and inform the Member States thereof;

Whereas if, at a given date in the quota period, a considerable quantity of a share remains in any Member State, it is essential that that State should return a significant propor-

tion to the reserve in order to avoid part of the Community quota remaining unused in one Member State when it could be used in others;

Whereas, since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united in and represented by the Benelux Economic Union, any measure concerning the administration of the shares allocated to that economic union may be carried out by any of its members,

HAS ADOPTED THIS REGULATION:

*Article 1*

1. From 1 July 1978 until 30 June 1979, a Community tariff quota of 90 tonnes shall be opened in the Community for apricot pulp, falling within subheading ex 20.06 B II c) 1 aa) of the Common Customs Tariff, originating in Turkey.
2. Within the limits of this tariff quota, the Common Customs Tariff duty applicable to these products shall be partially suspended at a rate of 11.9%.

*Article 2*

1. A first instalment of 35 tonnes shall be allocated among the Member States; the respective shares of the Member States, which, subject to Article 5, shall be valid from 1 July 1978 to 30 June 1979, shall be as follows:

Benelux	5 tonnes,
Denmark	5 tonnes,
Germany	5 tonnes,
France	5 tonnes,
Ireland	5 tonnes,
Italy	5 tonnes,
United Kingdom	5 tonnes.

2. The second instalment of 55 tonnes shall be held as the Community reserve.

*Article 3*

1. If 90% or more of a Member State's initial share specified in Article 2 (1), or of that share minus the portion returned to the reserve where Article 5 is applied, has been used up, that Member State shall without delay, by notify-

ing the Commission, draw a second share equal to 15% of its initial share, rounded up where necessary to the next unit, to the extent permitted by the amount of the reserve.

2. If, after its initial share has been used up, 90% or more of the second share drawn by a Member State has been used up, that Member State shall, in accordance with the conditions imposed by paragraph 1, draw a third share equal to 7.5% of its initial share, rounded up where necessary to the next unit.

3. If, after its second share has been used up, 90% or more of the third share drawn by a Member State has been used up, that Member State shall, in accordance with the same conditions, draw a fourth share equal to the third.

This process shall continue to apply until the reserve is used up.

4. By way of derogation from paragraphs 1 to 3, a Member State may draw shares smaller than those fixed in those paragraphs if there are grounds for believing that those fixed may not be used up. It shall inform the Commission of its reasons for applying this paragraph.

*Article 4*

Supplementary shares drawn pursuant to Article 3 shall be valid until 30 June 1979.

*Article 5*

The Member States shall return to the reserve, not later than 1 April 1979, the unused portion of their initial share which, on 15 March 1979, is in excess of 20% of the initial amount. They may return a larger quantity if there are reasons to believe that such quantity might not be used.

Member States shall, not later than 1 April 1979, notify the Commission of the total quantities of the said goods imported up to and including 15 March 1979 and charged against the Community tariff quota and any quantities of the initial shares returned to the reserve.

*Article 6*

The Commission shall keep an account of the shares opened by the Member States pursuant to Articles 2 and 3

and shall, as soon as it has been notified, inform each State of the extent to which the reserve has been used up.

It shall inform the Member States not later than 5 April 1979, of the amount still in reserve after amounts have been returned thereto pursuant to Article 5.

It shall ensure that the drawing which uses up the reserve is limited to the balance available and to this end shall specify the amount thereof to the Member State making the last drawing.

*Article 7*

1. Member States shall take all measures necessary to ensure that supplementary shares drawn pursuant to Article 3 are opened in such a way that imports may be charged without interruption against their accumulated shares in the Community tariff quota.

2. Member States shall ensure that importers of the said goods established in their territory have free access to the shares allocated to them.

3. Member States shall charge imports of the said goods against their shares as and when such goods are entered for home use.

4. The extent to which a Member State has used up its share shall be determined on the basis of imports charged in accordance with paragraph 3.

*Article 8*

At the request of the Commission, Member States shall inform it of imports of the products concerned actually charged against their shares.

*Article 9*

Member States and the Commission shall cooperate closely in order to ensure that this Regulation is observed.

*Article 10*

This Regulation shall enter into force on 1 July 1978.

This Regulation shall be binding in its entirety and directly applicable in all Member States.
