COMMISSION OF THE EUROPEAN COMMUNITIES

COM(82) 497 final

Brussels, 28 July 1982

Proposal for a

COUNCIL REGULATION (EEC)

laying down general rules for the extension of certain rules
issued by producers' organizations in the fruit and vegetable
sector

(submitted to the Council by the Commission)

COM(82) 497 final

EXPLANATORY MEMORANDUM

Regrettably, it has frequently happened that decisions taken by producers' organizations with a view, in particular, to stabilizing the market have been prevented from achieving their full effect because of conflicting action by producers not belonging to them.

The Commission has proposed to the Council (Article 15b of Regulation (EEC) No 1035/72) that Member States be permitted in certain circumstances to make the production and marketing rules issued by producers' organizations binding on non-member producers.

The Commission is now proposing that a producers' organization or association of producers' organizations should be considered as representative if at least 50% of the producers in the economic area it covers belong to it and account for at least 50% of production in the area.

However, the Commission is also proposing that it should not be possible for the rules applied by representative producers' organizations or associations thereof to be extended to non-members if, after consultations, it is found that at least one third of the producers in the area concerned, accounting for at least one third of its production, are opposed.

The rules which may be so extended are those on market information, production, marketing and adherence to market prices.

A number of these rules may also apply to buyers of produce which is sold on the tree by producers not belonging to a producers' organization.

In order to prevent this extension of the rules from becoming permanent and yet to all time for it to be effective, the Commission is proposing that a specific period of application be fixed.

Proposal for a
COUNCIL REGULATION (EEC)

laying down general rules for the extension of certain rules
issued by producers' organizations in the fruit and vegetable sector

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing
the European Economic Community,

Having regard to Council Regulation (EEC)
No 1035/72 of 18 May 1972 on the common
organization of the market in fruit and
vegetables,¹ as last amended by Regulation
(EEC) No ², and in particular
Article 15b thereof,

Having regard to the proposal from the Commission,

Whereas Article 15b of Regulation (EEC) No 1035/72 permits Member States,
under certain conditions, to extend certain rules issued in respect of its members by a
producers' organization which is considered to be representative of production and
marketing in its economic area to all non-member producers established in that area;

Whereas the representative character of a producers' organization must be
established in the light of the proportion it represents of production and
marketing activity on the market of the economic area concerned;

Whereas the rules applied by a representative organization should not,
however, be extended to non-members against opposition by a substantial
number of the producers of the economic area concerned;

Whereas, in order to harmonize the application of this system in the Member
States, the rules which may be extended to non-members should be
defined;

Whereas, where produce is sold on the tree, it should be specified which
rules are to be extended to the producer and which to the buyer;

¹ OJ No L 118, 20.5.1972, p.1

² OJ No L , 1982, p.

Whereas, in order to give the system the necessary flexibility, the period for which rules are to be extended to non-members should not exceed a certain length,

HAS ADOPTED THIS REGULATION:

Article 1

Article 3

The rules referred to in Article 15b of Regulation (EEC) No 1035/72 shall not be made binding where, after the consultations provided for in paragraph 1 of that Article, producers representing at least one third of production in the area make known their opposition.

The rules which may be made binding upon producers established in a given area who are not members of a producers' organization as referred to in Article 15b of Regulation (EEC) No 1035/72 shall be those covering the activities listed in the Annex.

Article 5

2. The rule referred to in point 4 of the Annex shall apply in the event of resale of produce.
3. Member States may decide that rules listed in the Annex other than those referred to in paragraph 1 shall be made binding upon buyers where the latter are responsible for orchard management.

Article 6

- for a period of not more than three marketing years in the case of the rules referred to in points 1, 2 and 4 of the Annex;
